

United Rentals is here to help.

We hope that you and your teams are safe from the flooding we are experiencing. As you secure your jobsites, we wanted to check in with you to see if you had any needs that we could support.

With safety top of mind, please do not attempt to start any equipment that has been exposed to flooding. Doing so could pose a safety risk or lead to further damage. Reach out to us if you have questions about your equipment.

If you have response or recovery needs, United Rentals has equipment and resources to help. We are ready to assist with power, dewatering, dehumidification and cleaning.

Please reach out to me or your local store if we can help in any way. Our Customer Care Center is also ready 24/7, at 844.873.4948

Thank you and stay safe.
